## About

---

**Delivered by the award-winning Dutch shipyard Feadship, De Vries EXCELLENCE is truly remarkable and one of the most unique Feadships available on the market today. She was originally built by a highly experienced owner and captain team, who have launched multiple new build projects throughout their career in yachting. This yacht, in particular, was created with high performance and comfort in mind.**

Guests will find a welcoming interior designed by John Munford including neutral colour palettes and mixed woods. On the main deck is a spacious full-beam master suite complete with his and her bathrooms on the port and starboard side, connected by a jacuzzi tub and an oversized central shower room. Three well-designed guest cabins are on the lower deck including a full-beam VIP suite and two twin cabins, both equipped with a pullman for additional sleeping accommodation.

Outdoor lounge space includes a spacious beach club, al fresco dining on the main deck aft, a generous bridge deck aft area and sunpads forward. The sundeck has a jacuzzi, al fresco dining and a flybridge forward. This space coupled with the main and bridge deck lounges offers plenty of options for both entertainment and privacy on board. The sky lounge itself presents a unique setting for guests to unwind, and the decor echoes the yacht's provenance and lineage of car enthusiasts who have enjoyed her ownership.

Two 3,650hp diesel MTU engines and one 5,600hp gas turbine gives her a top speed of up to 34 knots. Without the turbine, speeds reach 27 knots, and a shallow 1.8m draft is ideal for cruising the Bahamas. With her most recent refit and repaint completed in 2019 EXCELLENCE now presents in turnkey condition and is ready for immediate cruising by a new owner.

## Key features

---

Northern European pedigree

---
