INTRODUCTION

The 50 meters (164ft) M/Y LIBERTY was delivered by ISA Yachts in 2011 and presents in fantastic condition following her 10-year class survey in Summer 2021. The yacht's interior has been designed by Rene Van Der Velden and her exterior styling is by Andrea Vallicelli.

Her sleek, dark grey hull and dynamic lines convey a sense of power and speed that turns heads. Fully stabilized and capable of speeds in excess of 15 knots, she is comfortable, fast and remarkably fuel-efficient.

Liberty's interior layout sleeps up to 12 guests in 6 cabins, including a master suite, 1 VIP stateroom, 2 double cabins and 2 twin cabins. She is also capable of carrying up to 11 crew onboard to ensure a relaxed luxury yacht experience. Timeless styling, beautiful furnishings and sumptuous seating feature throughout to create an elegant and comfortable atmosphere.

LIBERTY is built to comply to MCA and Lloyds Register standards. With a cruising speed of 12 knots, a maximum speed of 17 knots and a range of 4,400nm from her 69,000 litre fuel tanks, she is the perfect combination of performance and luxury.
