CALYPSO

Everything about Calypso is a masterpiece in quality craftsmanship. Built by renowned shipyard Amels and maintained to impeccable standards, Calypso has impressive capability and distinctive style. She has proven world-cruising ability, having been everywhere from the Indian Ocean to Iceland.

WHAT MYTHS ARE MADE OF

Step on board and the sheer amount of space is likely to strike you first. Her lavish interior is the perfect setting for relaxation, wherever you are in the world. Vast and spacious, every area prioritises comfort. Unobstructed views and huge volumes enhance your feeling of absolute freedom and add to the indulgence of being on board.

Her interior has completely transformed in 2017, with no expense spared. Her impressive volume is immediately apparent when you step inside; she feels much more spacious than other yachts of the same length.

LEGENDARY SPACES

Furnished with sumptuous style, Calypso's interior is characterised by delightfully soft fabrics and attention to detail; the interior design is inspired by Greek mythology. Privacy is a priority on board Calypso, with separate crew entrances to ensure discreet service at all times.

FLACKTON YACHTING
every yacht solutions

Calypto accommodates up to 10 guests in seven cabins including a Master suite, a VIP cabin, one queen cabin which converts to a massage room if required and four queen suites all with Pullman bed.

PALATIAL AND PRIVATE

The vast two-level master suite is full width with a four-metre ceiling height and includes an observation lounge, office, his and hers dressing rooms and ensuites, a skylight, and floor to ceiling windows.

The absence of side walkways allows more than just expansive space;
there is absolute privacy too.

Enjoying the outdoors could never be easier on Calypso thanks to various exterior spaces for relaxation, entertainment and dining.

RELAX, ENTERTAIN AND DINE

An impressive 61.5m Flackton offers three distinct areas; forward there is a Jacuzzi with adjacent sunbath, sofas and coffee table, in the middle is a fully-equipped, air-conditioned gym and aft is an open space that can be adapted for sunbathing, alfresco cinema nights, yoga or open-air workouts.

Calypso, thanks to her impressive volume, has excellent crew areas which facilitate seamless service.

EFFICIENT USE OF SPACE

The practical spaces allow the crew to operate efficiently and discreetly on board and there is ample room for toy storage.
